	1
	The school principal has overriding responsibility for the supervision of
	the preschool and holds 3 roles in relation to it:
	 Nominated supervisor
	 Educational leader
	 Responsible person
	• This information is clearly displayed in the preschool entrance with the
	principal's name and photo.
	• If the principal is not on the school site, the staff member who is relieving
	for them assumes the 3 roles mentioned above.
	• While the principal maintains responsibility for the preschool, some of the
	tasks of the educational leader may be performed by a preschool
	supervisor.
	This includes but is not limited to running preschool meetings, being the
	first point of contact for preschool educators, and monitoring the
	preschool program. The principal in conjunction with the preschool
	supervisor will lead the development and review of the quality
	improvement plan and preschool procedures in conjunction with the
	whole preschool team.
Confidentiality	Detailed and current records are maintained for each child. Much of this
and retention of	information is obtained from the <i>Application to enrol in a NSW</i>
records	Government preschool.
	Any record which containing personal information about a child is
	considered confidential and kept secure.
	 Enrolment forms and children's files are kept in the school office in a
	lockable filing cabinet or in the secure archive room. Other archived
	records such as accident reports, sign in/out sheets, medical plans are
	stored in a locked cupboard in the preschool office. These records are
	maintained by the preschool supervisor. Records are only accessible to
	office staff, school executives and educators.
	 Parents are given access to records related to their child on request.
	 All records created relating to children are kept for 3 years from when
	they were made, for example:
	 assessments of learning
	 enrolment and attendance information
	 daily arrival and departure register
	 information about any cultural or religious practices that need to be
	observed

	 medication records 	
	 health care plans 	
	 parent authorisations for excursions, incursions or transportation 	
	— individual learning plans.	
	exceptions to the 3-year storage requirement are:	
	 completed incident, illness, injury or trauma records, which are kept until 	
	the child is aged 25 years of age	
	 records related to individual staff members, which are kept for 3 years from 	
	when the person last worked in the preschool	
	 any record relating to the death of a child while at preschool, or as a result 	
	of an incident while at preschool, is kept until 7 years after the child's death	
	 records relating to child sexual abuse that has, or is alleged to have, 	
	occurred in the preschool are kept for at least 45 years from the date the	
	record was created.	
Implementing	Management processes and systems that support the implementation of the child	
the child safe	safe standards include:	
standards	• The preschool makes a public commitment to child safety, for example, in	
	the philosophy, family information booklet or newsletter.	
	• The preschool culture is one of child safety, with children's health, safety	
	and wellbeing prioritised.	
	Self-assessment and quality improvement processes examine and	
	evaluate the implementation of the child safe standards.	
	Risk assessment plans are conducted and implemented to prevent and	
	respond to possible risks to child safety.	
	Locally developed procedures describe processes that maintain child	
	safety. The review of these procedures considers them from a child	
	safety perspective.	
	 Opportunities are provided for parents to share their feedback and have 	
	input into preschool decisions, particularly the review of local procedures	
	and the philosophy.	
	Parents are informed of the actions the preschools takes to ensure child	
	safety.	
	parents are provided with information about child safety, including how	
	they can report a child protection concern.	
	All staff are responsive to children, listening to what they say, believing	
	them and acting on any concerns they have.	

•	Staff provide opportunities for children to share their opinions and contribute to decisions that affect them, enabling them to then be able to confidently 'speak up' to raise a concern, if needed.
•	All staff are supported to fulfil their legal obligation as a mandatory reporter through annual training and opportunities to discuss concerns at team meetings.
•	Complaints are handled in a child-focussed manner and as outlined in the department's Complaint Handling policy. The preschool's supervision plan describes how higher risk times of the
	day and activities are more closely supervised.
